

OMF International

2 Cluny Road, Singapore 259570

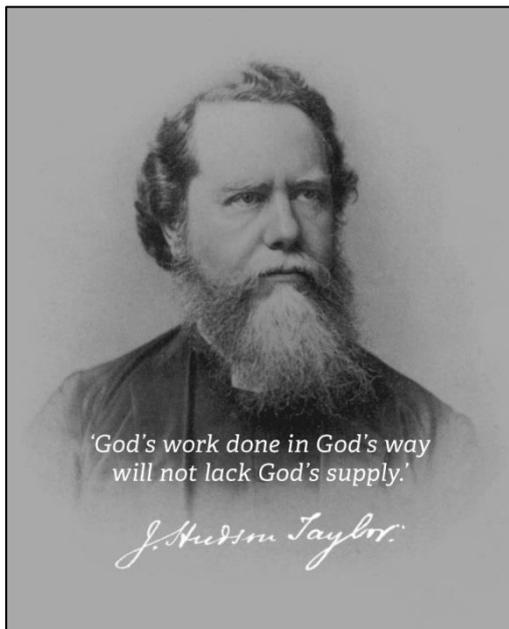

OMF International, formerly the China Inland Mission founded by Hudson Taylor, is an international and interdenominational Christian organization, with its International Centre located in Singapore since 1952. We are a global fellowship of Christians with a heart for East Asia's peoples. Membership is open to Christians of every ethnic and cultural background. We serve with the local church and are committed to sharing the good news of Jesus Christ in all its fullness with East Asia's peoples to the glory of God.

We aim to see indigenous, biblical church-planting movements in each people group, sharing the good news with their own people and reaching out in mission to others. To that end, we send willing, skilful workers to at least sixteen countries among East Asia's peoples to live and work in a variety of capabilities.

Some of our members work in traditional ministry roles such as evangelism, church planting, Bible translation and discipleship. Others work in the professional arenas of medicine, social work, education, IT and communications. Still, others work as business managers and childcare workers, providing the crucial administrative and logistical support needed to keep things running.

Currently OMF International has more than 1200 members from over 30 countries. Its current General Director is Rev. Dr Patrick Fung, who is a Singaporean. The OMF International Center located in Singapore has been a strategic place where workers receive orientation and training before they enter the fields. Current field workers also receive training at the International Center on a regular basis. Singapore, with its rich cultural diversity, has provided workers first-hand a cross-cultural experience.

We are grateful to the Lord for being part of NCCS, united in the body of Christ among the Churches and Christian organizations of Singapore and dedicated to the service of God and mankind.
