

INTRODUCTION TO BIBLICAL GRADUATE SCHOOL OF THEOLOGY

Biblical Graduate School of Theology (BGST) was founded in 1989. They have been faithfully training Christians for the last 32 years. BGST offers courses at different levels – Graduate Certificates, Graduate Diplomas and Masters. BGST also offers “Self-paced Learning (SPL)” courses, which enable the busy laity to study at their own pace through pre-recorded lessons. Learn more about these courses here: <https://courses.bgst.edu.sg>

To encourage lifelong learning, especially for busy Christians, BGST offers microlearning courses through their online learning platform called “Theology for Life (TFL)” www.theologyforlife.sg where you can learn from various courses in bite-size lessons. BGST welcomes fellow Christian partners to contribute to its learning content.

BGST’s focus on equipping the laity is a much needed ministry to aid in the growth of the church. As BGST answers God’s call to equip laity from all denominations they see the importance of being connected to the wider body of Christ through their membership in NCCS.
