Richard Hoon

Dear Pastors, Elders and Church Leaders,

Centre for Fathering's (CFF) vision is to turn the hearts of fathers and children towards each other. We are inviting more churches to join the DADs for Life Movement, and together raise a generation of fathers who are **Involved, Consistent, Aware, and Nurturing**.

**Strengthening the work with fathers within and beyond the Church walls**

We would like to come alongside you to complement your existing work with fathers within your congregation or community of influence.

As a thought leader for fathering matters, we can partner you by:

1. Providing a framework to setup a fathers' ministry in the church
2. Providing resources to activate and equip fathers
3. Conducting training and talks to inspire fathers to be a more involved
4. Conducting experiential programmes to strengthen father-child bonds
5. Mobilising wives to encourage and empower their husbands to rise up
6. Speaking at your church services or gatherings on fathering topics

**Raising the next generation of fathers**

We will be launching a "1,000 days" project to engage new and expectant fathers to be more involved during pregnancy and the first 2-years of a child's lives. Studies have shown that this 1,000-day period is pivotal for a child's development. We need more fathers to journey with other fathers.

As you plan for next year's calendar of events, we hope you will consider us in your efforts to engage and support fathers.

Please reach us at [engage@fathers.com.sg](mailto:engage@fathers.com.sg) to explore potential partnerships.

We look forward to working with you to raise the next generation of fathers.

Thank you.

Yours Sincerely,

A handwritten signature in black ink, appearing to be "Xander Ong".

Dr Xander Ong  
Chief Executive Officer
